

Premier Voice Artist Application Script

Welcome to Premier Business Audio's search for local voices. We are looking for local people to do voice over work, and we would love to hear from any adult, any accent - as long as it's your natural accent - any language.

If we think your voice has potential then we'll invite you to a training and assessment session. Assuming all goes well we will start using you for commercial work and pay by the hour (£20 for the first hour, and £12/hour thereafter). You'll need to be able to drive (no bus access) to our studio in Laverstoke to record any time that suits you between 9 and 5 Monday to Friday, probably for about an hour or so a week - flexible times to suit you.

Interested? The next step is to ring 0800 280 2571, listen to the instructions then read! Please find a quiet room and don't use a mobile phone.

Please read out the script below:

You've just come back into work after the weekend and the last thing you want to think about is updating your audio marketing... but we're here to do the thinking for you! Ask to speak to your creative script contact when you come off hold. Not sure who it is? Just ask - we won't bite!

Thanks for your patience; we'll be with you as soon as possible. To save holding, it's easy to get in touch with us via premierba.co.uk. Click on 'contact us' and you can email your comments on everything PBA - from on hold to fragrancing.

Please feel free to invite your friends to have a go!

Thank you for applying, we will be in touch if we hear a good voice!
